# A new home for the Dinos

---

For 60 years, the UCalgary Dinos have been more than just sports teams; they've been **champions on the field and leaders in the classroom**, embodying the spirit of our entrepreneurial university. Our student-athletes, draped in Scarlet and Gold, have utilized their skills and experiences to excel beyond the playing field, emerging as community leaders.

As we look towards our next 60 years, the Dinos and UCalgary are hoping to build on our **legacy of excellence** at a new home

# Bringing community sport to UCalgary

- University of Calgary recognizes the current scarcity of sports infrastructure in Calgary. A new stadium will not only serve our Dinos varsity teams but also provide a much-needed facility for the **entire Calgary community**.
- Located centrally on the UCalgary main campus, Dinosaur Stadium will be positioned to be easily accessible for families across Calgary. This strategic location will help ensure that community members, especially children, stay involved and engaged in sports.
- As Calgary's population grows rapidly, the demand for year-round sports facilities is intensifying. With Dinosaur Stadium, we aim to accommodate this growth and make it easier for sports enthusiasts and athletes to find suitable field times.
- At the University of Calgary, we believe in taking initiatives that serve our community. Dinosaur Stadium is a testament to our commitment. It's time to start something new, something exciting, and something **beneficial for all**.
